Your Onboarding Journey

Getting Prepared

LinkedIn Group

You should have been invited to join a LinkedIn group as part of your onboarding journey to joining us this summer.

IT Set Up

We are working hard to make sure that from your first day of work you have the IT access you need. You'll be given a laptop with remote access, headset and mouse.

Real time connection for informal questions and peer to peer support

WhatsApp Community

Connect on your terms with other apprentices / graduates

Build your network prior to joining with like-minded graduates / apprentices

Stay Connected

Connections

WhatsApp community groups are designed for open and informal conversations.

It's an opportunity to have an immediate network of colleagues for when you start.

Your Line Manager

Your Line Manager and team are going to be your day-to-day support and main point of contact once in role.

Speak to your line manager to understand your role and how that fits into your wider team and LBG.

LinkedIn Network

Be in the know before you start by frequently checking LinkedIn.

Post on there to start conversations with others and connect with new faces.

Recruitment

For questions related to vetting, tenancy references and your start date – the recruitment team are on hand.

Connecting with your line manager

Growth

Opportunities to expand personal comfort zone through experience and a healthy level of challenge

Develop

Exposure within the wider organisation, including access to other teams, business leaders and existing graduates and apprentices

Support

Support from within the team to deliver on objectives, with regular feedback and check-ins

Day 1 & 2

Week 1

****Includes Birmingham and Chester colleagues

What to expect on day 1 & 2

DAY 1

- Arrive at your local hub location, collect your building pass and get settled in.
- Meet fellow graduates and apprentices from your hub.
- Receive a high-level introduction to Lloyds Banking Group, our purpose and culture.
- Take part in icebreaker and networking activities to help build connections.
- Hear from a senior leader about their career journey and opportunities available at LBG.
- Enjoy lunch with your cohort and begin building your professional network.
- Attend the **Laying the Groundwork** Development session focused on accelerating your transition into the workplace and understanding what success looks like from Day 1.
- Get a preview of what to expect on Day 2 and during your first week.

DAY 2

- Complete your IT onboarding and laptop setup with support from the Modern Workplace team.
- Explore collaboration spaces within your local hub.
- Learn how a bank makes money and gain insight into how LBG operates.
- Continue to build your network with the 2026 Next Generation Talent population.
- Understand keyways of working, collaboration tools and practical information to support your first few weeks.
- Receive guidance on the activities, learning and support available throughout Week 1.

What to expect on your Week 1

- **Meet your line manager and wider team and begin settling into your business area.**
- **Learn about LBG's reward package, benefits and where to find support.**
- **Gain an overview of your graduate or apprenticeship programme and what to expect over the coming months.**
- **Complete cyber security and Microsoft learning and any other mandatory training, to help you work safely and effectively.**
- **Understand performance and development expectations for your first 30, 60 and 90 days.**
- **Learn about wellbeing resources, employee support services and neurodiversity networks.**
- **Continue building connections, understanding your role and preparing to make an impact in your new team.**
- **Get ready to attend the Activation event on 15th September familiarising yourself with travel arrangements.**

Your Induction

Q4 Laying out the groundwork

This is the 'you are here' part of the map. Everything you're learning in this quarter complements the Group-wide mandatory training – but gives you way more. By now, you'll have started exploring the Group's core values, getting to grips with our structure and strategy, and gearing up with the tools you need to get the ball rolling.

Q1 Digging under your surface

You'll go a little deeper and understand what makes you tick. You'll identify your strengths and growth areas, and learn how to apply those insights to your work, your teams, and the way you show up every day.

Q2 Doing more with AI

AI isn't just a part of the conversation anymore – it is the conversation. Here, you'll learn how to leverage it to increase your productivity and sharpen your edge. To brush up on critical and analytical thinking skills that help you use smart tech responsibly. And to not just push the boundaries of what you can do with AI, but also rewrite what comes next.

Q3 Staying ahead of change

The world never stops moving. Neither can you. This quarter will be all about how you can navigate shifting environments, take on new challenges, and build resilience that lasts – without compromising your wellbeing.

Q4 Owning every conversation

Communication is what makes or breaks the impact you have. This is where you'll gain confidence in how you express yourself, learn to tailor your message to different audiences, speak with clarity and authority, and make sure your ideas land every time.

Q4 2026 – Laying Out the Groundwork

This is where you are in the journey – this quarter is designed to complement Group-wide mandatory training and build foundational skills/knowledge which you will continue to develop throughout your programme.

Your Journey starts here: Day 1 & 2

Day 1: Skills & Behaviours facilitated by Fitch

- Introductory session to core skills and behaviours

Day 2: How the Bank Makes Money

- Organisational context designed to provide foundational commercial/business insight

AI Basecamp (18th September – 6th November)

8-week journey helping you to understand, champion & use AI at LBG

- Weekly sessions every Friday morning
- Learning from AI leaders
- Cross functional collaboration across schemes/programmes

Activation Event

Tuesday 15th September 2026
Victoria Warehouse, Manchester

- **Expect the Unexpected** – this event will look to challenge and surprise you about LBG and what we have to offer.
- You'll explore how we are looking to **transform** the Group, through **limitless opportunity and innovation** and the role you'll have in this journey.
- Some of you will be travelling to Manchester on the day and for some the day before, but we hope to minimise this where possible. **NGT is working with Intel to arrange all travel and accommodation.**
- This will be a wonderfully rewarding day, but a long day. You could consider a later start time on the 16th if possible, speak with your LM about this.

You should have submitted your travel forms
Your travel details will be shared with you over the next few weeks

You should have received an email to register for the event to your personal email addresses. You must complete the registration process by 28th August

Life @ LBG

Groupwide Mandatory Training

All new colleagues are required to complete their training induction

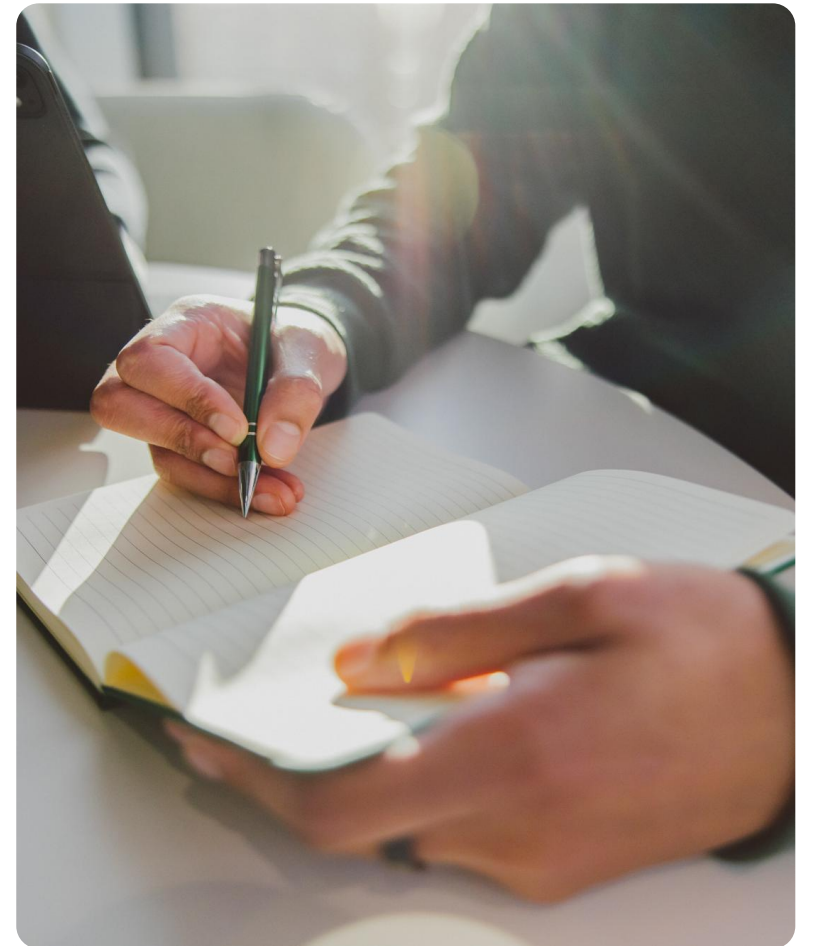

It is essential to allow time for this once you've started.

This training will help you to understand your responsibilities in managing risk for yourself, our customers and the group.

Role Specific Training

In addition to completing the Group mandatory training, there may be additional training depending on the division you work in and the role you are aligned to.

Your Line Manager will tell you what you need to do once you've started.

Hybrid Working

You'll be expected to **spend at least 2 days per week** in your assigned office location however, you may be expected to be in the office more dependent on your role.

Ways of working are different for every colleague and every team, so it's important that you have this **conversation with your Line Manager** to understand what their expectations of you are so that you can be clear from the get-go.

Typical core working hours will be 9-5 however please check with your Line Manager as this might differ depending on your role.

Travel to and from your assigned office location should be in your own time and at your own expense.

Office Working

 **Book a Desk** - Use *Condeco* to book a desk space your office day and check in when you have arrived to secure your booking. If you no longer need it, make sure you cancel so someone else can book it.

 **Office Refreshments and Facilities** - Most of our offices have free tea, coffee and hot chocolate available, microwaves and fridges if you want to bring in your own food and cafes or canteens to buy snacks and refreshments.

 **Maximise Collaboration** - Speak with your team about when they'll be in the office, so you sync your office time with them

 **Build Your Network** - Use your office time wisely to network and collaborate with your team and enjoy opportunities to meet the colleagues in your wider area.

 **Workplace Habits** - We should always be considerate of those around us when working in the office. Mind your manners, by making sure you clean up after yourself, be conscious not to make too much noise and if something is broken - report it, don't make it someone else's problem.

Home Working

 **Your Home Set Up** - Once you have started with us speak to your Line Manager to determine if you need any additional equipment to enable you to work from home.

 **Dress Code** - We'd encourage smart casual, however it's important that we all comfortable and dress for our day. Once you're in role, you'll get a feel for what's appropriate and this can be discussed with your LM.

 **Home Privacy** - If you don't feel comfortable sharing your background at home, then you can select to blur this in your Teams settings or choose an image.

 **Maintain Boundaries** - Try and create boundaries, take breaks, get outside if you can and switch off when you finish work.

 **Cameras On** - Try to have your camera on when on Teams calls, as it can help with connecting with your team and shows that you are engaged and taking part in the discussion.
